

Nate Schloesser

Pastor of Student Ministry & Worship

OBJECTIVE

My goal is to transition from a bi-vocational split between a full-time design career and part-time pastoring to full-time vocational ministry. To serve Jesus by helping young men and women truly follow Jesus and build a foundation that will impact the rest of their lives. To devote myself to discipleship, teaching, training, leading and investing in students. To develop and lead a team of worshippers who will lead others in worshipping Christ through music.

PERSONAL VALUES

EXCELLENCE

God deserves my very best. When I do fall short, learn from those failures.

CREATIVITY

There are many ways to connect to people. Everyone is uniquely created by God.

UNITY

A house divided against itself, cannot stand. Nor can the Body.

AUTHENTICITY

Be real, be vulnerable, be honest. There's too much at stake to beat around the bush.

HUMILITY

Remember that it's not about me. He must increase, I must decrease.

EVANGELISM

Lost people matter to God. Dead people can't do anything for themselves. But God raises the dead.

COMMUNITY

We have something worth socializing, sharing, celebrating, and living out together.
